

Lumidor Impact Pro

The Lumidor Impact Pro is ideal for providing personal protection from gases in tough environments. The Lumidor Impact Pro provides easy and economical means of personal gas detection that ensures safety, confidence and compliance.

- Designed to detect up to four gases simultaneously
- Rugged water-resistant design for harsh environments
- Includes high-capacity internal sampling pump for remote monitoring
- Exclusive multiple sensor cartridge design allows economical and easy sensor replacement
- Simple calibration in less than two minutes using our unique Enforcer calibration accessory
- Modern, easy to operate design with large backlit display and oversized heavy duty buttons
- Standard data and event logging
- Factory calibrated and ready to use
- Optional two-way communication using Safelink accessory

Lumidor Impact Pro Kit

2302B20009UER	Lumidor Impact Pro, certified UL/CSA	\$ 755.00
----------------------	--------------------------------------	-----------

The Lumidor Impact Pro multigas monitor is supplied complete with dry cell battery holders, 4 x AA batteries, belt clip, flow Adapter, integral pump, pump Adapter, and multi-lingual quick start guide (printed) and operating instructions (on CD). Sensor cartridge selection required.

Lumidor Impact Pro Accessories

2302B1412	Rechargeable battery kit including base station, 120VAC wall charger, and NiMH batteries	\$185.00
2302D0815	12VDC Vehicle Charger Adapter (Requires 2303B1412)	\$ 52.00
2302B1421	Configuration and Download PC Software	\$ 42.00
151-004-555	PC Link Cable RS232 to USB (Requires 2303B1412)	\$ 42.00
P2302B0822	Lanyard with Body Harness (Replaces Belt Clip)	\$ 31.00
2302B0828	10m (30') Sample Tube with In-Line Adapter	\$ 35.00
2302B0847	1m (3') 4 Part Sampling Probe (for leak detection)	\$ 76.00
2302B0846	Ball Float for blind sampling in sewers, manholes, etc.	\$ 17.00
2302D0722	Field Case for Impact Pro	\$ 107.00

Lumidor Impact Pro 4-Gas Sensor Cartridges

The pre-calibrated sensor cartridges use high-quality flammable, oxygen and toxic sensors to ensure safe, accurate and reliable measurements. All cartridges are supplied in a sealed container with factory calibration certificate and fitting instructions.

- Cartridge replacement can be completed in less than one minute
- Allows easy replacement of all sensors at one time at a fraction of the cost of individual sensors
- Simplifies record keeping

Lumidor Impact Pro 4-Gas Cartridge*

2302BCD40FCHO	Sensor cartridge, 4 gas, Oxygen, Flammable, Carbon Monoxide, Hydrogen Sulfide	\$ 239.00
----------------------	---	-----------

The **Impact Sensor Cartridge** includes up to 4 sensors and electronics in a convenient self-contained module that makes changing sensors simple and cost effective. **Change all sensors in minutes for a fraction of the cost of individual sensors!**

*Other cartridge configurations available.

Lumidor Impact Pro Enforcer Calibration System

The Enforcer helps you easily comply with standard calibration and testing requirements with one-button operation. It can calibrate Lumidor Impact Pro multi-gas monitors in less than two minutes, so the units are always ready for use. The Enforcer reduces cost by avoiding the need for specialist knowledge and equipment, or subcontracting to expensive third parties, which can add delay.

- No external power required
- Over 200 calibrations per standard 34L cylinder
- Calibration results recorded in Lumidor Impact Pro for easy retrieval

Lumidor Impact Pro Enforcer Calibration System

2302B0831	Enforcer calibration system with multigas cylinder	\$ 430.00
------------------	--	-----------

Calibration & Testing with the Enforcer is as easy as 1, 2, 3!

1. Insert Cal gas bottle
2. Insert Impact Pro
3. Press the **✓** button

Lumidor Impact Pro Safelink

Safelink adds an extra safety dimension by enabling two-way communication in confined spaces. Easy to use, the system links two Lumidor Impact Pro multi-gas monitors together, allowing a confined space entrant to monitor and communicate with an attendant. Safelink also provides an efficient way of communicating via text message exchange.

- Help can arrive more quickly
- Rescuer is aware of conditions prior to entry
- Includes emergency panic button feature

Lumidor Impact Pro Safelink Buddy System Communications Kits

2302B0735	10M Safelink Cable including Cable Restraints	\$ 171.00
2302B0737	50M Safelink Cable including Cable Restraints	\$ 537.00
2302B0746	100M Safelink Cable including Cable Restraints	\$ 1,050.00
